

## **Nurture Educational Program**

**Nurture Program** – Tuition is determined on a case-by-case basis, depending on the child's needs and level of support required. Financial Scholarships and Personal Fundraising are available for Learners who have been admitted into the Nurture Program. After the Admissions process is complete, a family may apply for Bloom360's Financial Scholarship program. Scholarships are based on a generous formula and, for qualifying families, could range from 10-40% off the full tuition amount. Families are encouraged to apply. The Personal Fundraising is where funds raised by the child's family and friends can be and applied toward the family's tuition. Tuition will be reduced by the amount collected.

Please note this educational program has more limited availability.
