

DISCOVER YOUR PATH PRACTICE SKILLS THROUGH A MICROBUSINESS

Neurodivergent young adults team up to create and run a microbusiness through Bloom360's three-year BizPath Program. Along the way, they build confidence, social-emotional skills, and real-world work experience. Guided by experienced staff in a strengths-based setting, participants grow together and explore paths toward meaningful work, volunteering, or entrepreneurship.

Why BizPath?

- Real-World Business Skills
- Social-Emotional & Strengths-Based Learning
- Cultivate Purpose
- Create Opportunities
- Gain Confidence
- Team Collaboration & Belonging
- Led by an Expert, Supportive Team

Project Based Learning

- Financial Literacy
- Marketing
- Customer Service
- Technology
- Trial & Error
- Inventory
- Teamwork
- Flexibility

These hands-on activities not only teach business fundamentals but also build confidence, self-awareness, and social-emotional skills—all in a real, meaningful and developmentally appropriate context.
