From Chaos to Calm: A Free Parent Workshop

Challenging behavior communicates an unmet need.

Join Bloom360 and Tree House Child and Family Center on Wednesday, November 18, in Lake Geneva to better understand sensory processing, support emotional regulation, and gain practical strategies for home.

Enjoy a complimentary light dinner, childcare, and a well-being toolkit for your household.

Advance registration is required.

We Believe...
Joy and curiosity can open doors to learning.

When projects, activities and lessons build on what brings a Learner joy, possibilities bloom.

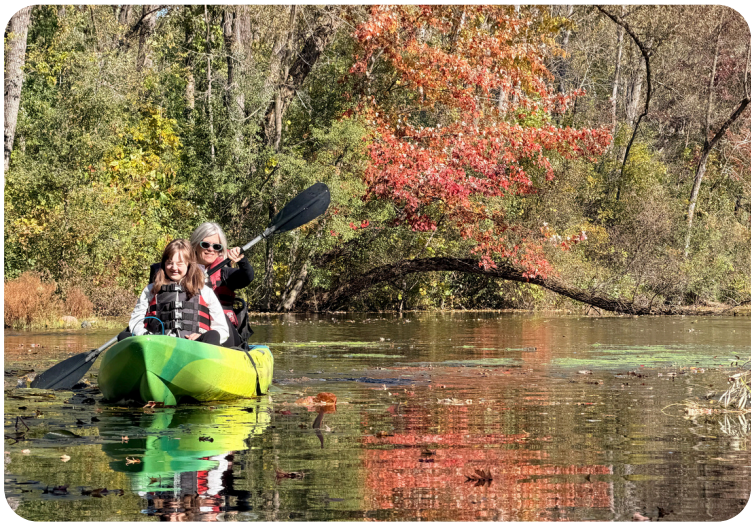

At Bloom360 Day School, we guide academics around Learners' interests and strengths to encourage exploration, develop skills, and make learning meaningful and long lasting.

When we start with what matters to and energizes each Learner, we create opportunities for growth that extend far beyond the classroom.

Community Connections Bring Learning to Life

From exploring a BIG semi-truck with Cook Logistics to learning about fire safety with the East Troy Fire Department, we had exciting opportunities to explore, ask questions, and discover something new. These hands-on experiences spark curiosity and cultivate meaningful community connections. A big thank-you to both teams for sharing their time and expertise!

Bravery looks different for everyone.

We enjoyed a beautiful day of fishing, kayaking, pedal boating, and exploring nature at Blue Lotus Center.

One Learner who has visited for years tried a pedal boat for the first time—and loved it! Later, he proudly told his mom, "I was scared but it was okay."

With encouragement and opportunities to try new things, confidence expands and fear loses its power and sinks doubt. That's growth in bloom! 💙

Blooming Boxed Lunches: Learning That Goes Beyond the Classroom

Our adult program, BizPath, is growing with a new microbusiness project! With support from Campbell Construction staff and food partners, Incognito Kitchen and Mama Bear Catering, Participants are practicing business and life skills, gaining confidence, and making community connections through boxed lunch sales and deliveries.

Is your organization interested in purchasing Blooming Boxed Lunches for your next team gathering? We'd love to hear from you! 414.935.6362 or info@bloom360.org

What kind of rollover can make a difference?

Thank you, Matthew, for that awesome "rollover"!

Your IRA can be a powerful way to support Bloom360 and reduce your tax bill. At the age of 70 ½, an IRA Charitable Rollover (a/k/a QCD) may be made and at age 73 a QCD can satisfy the mandatory required minimum distribution (RMD).*

Discover tax-smart ways to support Bloom360 and explore all the ways to give: https://www.bloom360.org/ways-to-give/

*Consult your tax advisor.
